

ParentPay

We are a cashless school and we use ParentPay - the leading cashless payment system for schools - to allow parents and carers to pay for everything from school meals and school trips to school productions and uniform, revision guides and exam packs.

Your child's account will be automatically created when they start school in Year 7 and login details are sent out to parents via email.

IMPORTANT – If you have used ParentPay before, simply login as normal and use the new login details in the 'Add Child' facility.

Payment Options

ParentPay accepts Debit Cards, Credit Card and American Express. We also have a 'paying in machine' in school, allowing students to credit money onto their accounts with cash. We can also supply barcoded letters, allowing parents to pay for items at PayPoints in over 30000 shops across the country.

School Meals

Students obtain food at the canteen using a fingerprint recognition system or PIN. You can see which food items your child has purchased and can even limit the amount available to spend each day. Students with free school meals will be credited the amount equal to their spend each day, up to the FSM allowance. Anything spent beyond this amount will be deducted from the student's balance.

Contact

Unfortunately, ParentPay only deal with schools, not parents. For this reason, we have a dedicated person in school who can deal with any queries or concerns regarding ParentPay so please give the school a ring if you have any questions.
